Frameless Hinged Door & Panels

The frameless hinged door and panels provide a sleek, contemporary solution that enhances the elegance of any bathroom. With no framing, this door features 3/8" thick tempered glass, offering both durability and a luxurious appearance. The clean, minimalist design is complemented by hinges and u-channel or clamps, ensuring smooth operation while maintaining the door's frameless aesthetic.

Can be done in a tiled or onyx enclosure.

Not available for fiberglass enclosures.

- ❖ **Glass Thickness:** 3/8" tempered glass
- ❖ **Panel Configuration:** Designed to be adaptable for various shower space sizes, with options for both a single hinged door or a combination of hinged door and fixed panel(s).
- ❖ **Reinforced Frame:** High-quality hinges for smooth operation and u-channel or clamps for securely mounting the panels.
- ❖ **Handle:** 8" thru-glass C-pull Oceana handle, with optional upgrades
- ❖ **Glass Options:** Clear is standard, but you can upgrade Rain or Frosted Glass

3/8" Titan Phantom Bypass Shower

The Phantom Bypass Shower Door combines cutting-edge design with practicality, offering a sleek and efficient solution for your shower space. This bypass-style door features two double sliding doors that glide effortlessly on a sturdy, precision-engineered track system. The doors are crafted from tempered and laminated low iron glass, providing an ultra-clear, distortion-free view that enhances the elegance of your bathroom.

Can be done in a tiled or onyx shower. Not available for fiberglass enclosures. Max height 80"

Stock Width: Between 48" - 72"

Stock Heights: 62", 72" & 80"

- ❖ **Glass Thickness:** 3/8" tempered glass
- ❖ **Panel Configuration:** Two independent sliding doors for easy access and space-saving functionality
- ❖ **Reinforced Frame:** 3 1/8" double rail header made from 3 pieces of tempered and laminated low iron glass
- ❖ **Handle:** Standard Towel bar and 2 1/2" recessed pull, with optional upgrades
- ❖ **Glass Options:** Clear is standard, but you can upgrade Rain or Frosted Glass

3/8" Titan Phantom Solo Shower Door

Introducing the Phantom Solo Shower Door, an all-new, innovative design that combines functionality and style. This sleek, modern shower door features a single sliding door paired with a fixed panel, offering a minimalist aesthetic and smooth operation. The 3/8" tempered and laminated low iron glass used in the header provides exceptional clarity and strength, ensuring durability while maintaining a refined look. The addition of clear acrylic stoppers guarantees quiet, smooth sliding, while the recessed pull adds a subtle yet elegant touch.

Can be done in a tiled or onyx shower. Not available for fiberglass enclosures. Max height 80"

Hybrid Hinged Door & Panels

The Hybrid hinged door and panels offers the perfect balance between elegance and functionality. Designed as a header-free enclosure, this unique configuration features a 1/4" tempered glass hinged door paired with 3/8" tempered glass fixed panels, creating a clean, open look without compromising structural integrity. The door is mounted with a continuous hinge, providing smooth operation and enhanced stability across the entire height of the glass.

Can be done in a tiled, onyx or fiberglass enclosure.

Max Height 78 7/16".

- ❖ **Glass Thickness:** 1/4" door & 3/8" panel tempered glass
- ❖ **Panel Configuration:** Continuous hinge door with a fixed panel
- ❖ **Reinforced Frame:** Aluminum framing with magnet to keep the door secure
- ❖ **Handle:** 6" thru-glass C-pull Oceana handle, with optional upgrades
- ❖ **Glass Options:** Clear is standard, but you can upgrade Rain or Frosted Glass

Semi-frameless Bypass Doors

Our semi-frameless bypass doors offer the perfect balance between structure and style. Designed for versatility and durability, these sliding shower doors feature two overlapping glass panels that glide effortlessly within a low-profile frame system. With multiple glass thickness options and practical hardware, this door style is ideal for homeowners who want a clean look with the added stability of a semi-frameless design.

Can be done in a tiled, onyx or fiberglass enclosure.

Max Height 80".

Semi-frameless Hinged Door & Panels

Our semi-frameless hinged shower door & panels strike the perfect balance between modern aesthetics and practical performance. Unlike fully framed enclosures, this semi-frameless system delivers a sleeker, more contemporary look. Semi-frameless enclosures are also widely regarded as offering the best water retention performance in the industry, thanks to their strategic use of seals, channels, and structural components that reduce leakage.

Can be done in a tiled, onyx or fiberglass enclosure.
